

Brighton Diagnostic and Treatment Centre
American Express Community Stadium, Village Way,
Brighton, BN1 9BL

Surgery Location

The Brighton Diagnostic and Treatment Centre is located within the American Express Community Stadium (please see image on the next page), which is located to the north-east of Brighton near the University of Sussex campus about 4 kilometres from Brighton centre.

The stadium lies just south off the A27. Take exit B2123, onto a roundabout then take the second exit towards Woodingdean. Turn into Village Way, off the B2123, and take the 1st right where you will find a manned barrier, The Gatehouse. State you are attending an appointment at the Brighton Diagnostic and Treatment Centre and you will be directed to the car park.

Mobility Access

There is level access into the building and disabled toilets are available on site.

Parking

There is a free parking available on site with disabled bays. Please contact the surgery if you require access to drive to the entrance for drop off. Once you have arrived at the stadium car park, head towards the stadium and walk around in an anticlockwise direction keeping the stadium on your left. The Brighton Diagnostic and Treatment Centre is a short walk away on the east stand, stadium maps will direct you towards the East Stand but please be aware the centre itself is not marked on official *Seagulls* waypoints and maps. The pin on the above map highlights our exact location.

Public Transport

The Amex can be reached by **train**. Falmer Rail Station lies adjacent to stadium. Trains from Brighton Rail Station leave every 10 to 20 minutes for the 10-minute journey.

Alternatively, **bus 25 or 23** can be used to reach the stadium. Take the bus from Brighton along western Road, at Churchill Square and from the Steine. The ride from the centre through the University of Sussex to the **stop Brighton University** takes about 20-30 minutes. From there you will need to walk down a flight of steps and walk in an anti-clockwise direction around the stadium to the East Stand where you will see the Brighton Diagnostic and Treatment Centre.
